Introduction to Debugging Lectures

Debug Lecture
Layout Macro Testing With Cannibalized Content

Learning goals

- Test layout
- Fix stuff
- Go home

SPLITV IN ITEMIZE

- This is a frame consisting only of an itemize environment
- You can put splitV in here but it needs extra spacing

This is as well

This is in splitV

- This is another itemize item

ENUMERATE DEBUG

1. Test
2. Foo bar baz
3. Blubb
